Rotary gets new president

By **Fai Chivell**

Rotary Club of Whyalla President, Time Clements, handed over the reins to new President, Jari Peltonen at the annual Change Over Dinner held at the Red Dust Restaurant on Saturday 28 June, 2008.

The evening was celebrated with members, their families and friends, the Rotary Club of Whyalla Norrie members, Mayor, Jim Pollock and his wife, Jenny, and Federal member for Grey, Rowan Ramsey and his wife, Trish along with many familiar faces from the community.

It was a fun-filled evening that saw the first Mayor of Whyalla, Mr Keith Wilson, honoured with a Paul Harris Fellow - the highest honour awarded in Rotary - for his dedicated work as a former member of the Rotary Club of Whyalla and his service to the community.

Mr Wilson's family were present to witness the occasion.

A Paul Harris Fellow was also awarded to Mr Perry Eden, Assistant Governor of District 9500 who is one of the most hard-working and loyal members of the Rotary Club of Whyalla.

His diligence and commitment to Rotary

and the community have enabled the club to achieve its goals in the past and most assuredly in the future.

The incoming president, Mr Jari Peltonen, gave a heart-felt speech in acknowledging this year's theme - Make Dreams Real - assuring that the Rotary Club of Whyalla will continue the work of Rotary International in providing safe drinking water and to help alleviate illiteracy through education in Third World countries and nearer to home.

Mr Peltonen went on to say that Health and Hunger were major priorities in the Rotary movement and that the Rotary PolioPlus campaign has irradiated this debilitating disease in most countries in the world with only a few isolated areas where work continues.

"Rotary International has initiated another major campaign to wipe-out Malaria and with the dedication of Rotarians around the world will prove as successful as the PolioPlus campaign," Mr Peltonen said.

"Work on this has already begun and Rotarians are working hard to establish safe environments for those who are vulnerable to Malaria.

We know from past experience that when people work together to provide health and

education that miracles do happen," he said. Prior to handing over the president's role to Mr Peltonen, outgoing president, Mr Tim Clements, thanked the members of his club in making his year an enjoyable and successful one.

"The members have all worked extremely hard in establishing the goals set at the beginning of my year as president," Mr Clements said.

He went on to acknowledge the work achieved by individuals and extended his love and thanks to his wife, Sue, who has supported him in every way throughout his year.

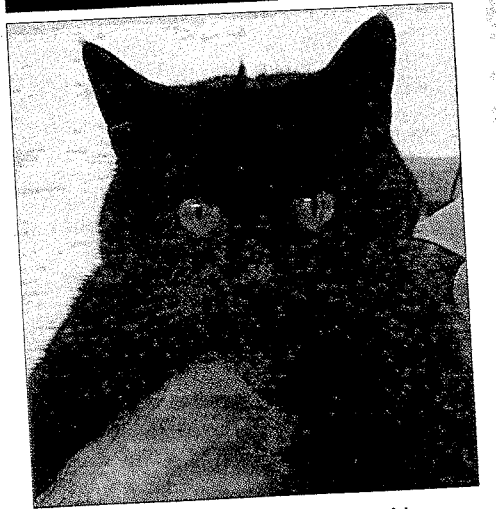

The evening was an extremely friendly occasion that saw fellowship and good food being enjoyed by all.

A highlight of the evening was Mr John Cagney who played his guitar and sang a couple of songs, one of which was a piece he wrote in appreciation of the City of Whyalla.

He also accompanied two Rotarians, Past District Governor, Glen Eden and Fai Chivell in a comedy piece that amused everyone.

The Rotary Club of Whyalla will continue its work locally and globally to help bring about a more peaceful and healthier world.

RSPCA

RSPCA has a beautiful three year old desexed tom looking for a good home. He is black in colour and shorthaired. He loves to be patted and have his tummy tickled. He is fully house trained and would suit anyone after a friendly young man. For more information please contact the RSPCA shelter during office hours on 8644 0172.

Community diary
