A SHORT STORY

The Golden Telephone

An American decided to write a book about famous churches around the world. So he thought that he would start by working his way across the USA.

On his first day he was inside a church taking photographs when he noticed golden telephone mounted on the wall with a sign that read "\$1,000 per call". Being intrigued, he asked a priest who was strolling by what the telephone was used for. The priest replied that it was a direct line to heaven and that for \$1,000 you could talk to God. The American thanked the priest and went along his way. He then travelled to Indianapolis, Washington DC, Philadelphia, Boston, and New York. In every church he saw the same golden telephone with the same "\$1,000 per call" sign under it.

The American, then decided to travel to AUSTRALIA to see if Australians had the same phone. He arrived in Australia, and again, in the first church he entered, there was the same golden telephone, but this time the sign under it read "40 cents per call." The American was surprised so he asked the priest about the sign.

Father, I've travelled all over America and I've seen this same golden telephone in many churches. I'm told that it is a direct line to Heaven, but in the US the price was \$1,000 per call. Why is it so cheap here?"

The priest smiled and answered, "You're in Australia now, mate - it's a local call".
